

By selecting the "accept licence agreement" box when installing the software, YOU (the "User") ACCEPT ALL TERMS AND CONDITIONS OF THIS LICENCE, including in particular the limitations on use, transferability, warranty and liability.

The following terms and conditions are enforceable against you and any legal entity that obtained the Software and on whose behalf it is used.

If you are agreeing to these terms on behalf of a company or other legal entity, you represent that you have the legal authority to bind that company or legal entity to these terms. IF YOU DO NOT HAVE SUCH AUTHORITY OR IF YOU DO NOT WISH TO BE BOUND TO THESE TERMS DO NOT USE THIS SOFTWARE.

The European Union (hereinafter "the Licensor") is the owner of the copyright and other intellectual and industrial property rights, trade secrets, and know-how related to the Software over which it has the power of disposal regardless geographical or other limitations.

CgmsStatTool (CST) is a statistical tool developed for the Joint Research Centre of the European Commission by two institutes of the Wageningen University - Alterra and Plant Research International

CgmsStatTool is designed for use by crop analysts working with statistical databases. The principal aim of the CGMS statistical toolbox is to provide by means of statistical methods a reliable forecast for a set of crops for the target year.

The User hereby accepts the following conditions:

DEFINITIONS

The under mentioned terms printed with an initial capital letter shall have herein the following meanings unless the context otherwise requires:

"*Computer*" shall mean an electronic device that accepts information in digital or similar form and manipulates it for specific results based on a sequence of instructions.

"*Effective Date*" shall mean the date of the first Use by the User..

"*Know-how*" shall mean all the technical information, knowledge and expertise which the Licensor owns and administers on the Effective Date of this licence, that have been transmitted to User in any format and by any means.

"*Parties*" shall jointly refer to both the Licensor and the User in this licence while "*Party*" shall refer to either of the Parties as the context provides;

"*Software*" shall mean any series of instructions constituting a computer-executable program or programs as well as any modification or updated versions of the computer software. The Software means also all of the contents of the files (provided either by electronic download, on physical media or any other method of distribution), disk(s), CD-ROM(s) or other media being object of this licence.

"*Software Package*" shall mean the Software and any support materials licensed by the Licensor and any developments on it done by the Licensor, including but not limited to manuals, flow charts and specifications relating to the Software as well, as described in Annex A.

"*Trade Secrets*" shall mean all confidential and sensitive information of the Licensor transmitted to User in any format and by any means in the course of this licence.

"*Use*" or "*Used*" in connection with the Software, as defined below, shall mean storing any portion of the Software in a machine, and/or transmitting any portion of the Software to a machine for processing and/or compiling, executing or interpreting any machine instructions contained in the Software, and/or displaying any portion of the Software in connection with the processing of such machine instructions.

GRANT OF RIGHTS AND LIMITATIONS

.1. The Licensor grants the User a personal, non-exclusive and royalty-free licence to Use the Software and Software Package. **The present licence is granted for non-commercial purposes only.** The User may install and

Use the Software within the computer environment of the User, including internal network deployments and/or several separate standalone deployments.

The User may make copies of the Software, solely in machine readable form for back-up and archival purpose, provided that User reproduces on this copy all the proprietary notices which appear on or in the Software and that the backup copy is not installed or used on any Computer outside the computer environment of the User. This copy must be kept in User's control and possession. User shall use its best efforts to ensure that the Software does not fall into the hands of third parties whether as a result of theft or otherwise.

The User may not rent, lease, sublicense, assign, transfer or grant any kind of rights regarding the Software and Software Package or any portions thereof in any form to any third party.

The User may not modify, translate, reverse engineer, decompile, disassemble, create derivative works based on, or copy the Software or any part of the Software, except otherwise allowed by law.

The User may not remove or alter any Software identification, proprietary notices, labels or trademarks which appear on or in the Software and Software Package.

The Licensor shall have no obligation for installation and maintenance of the Software.

OWNERSHIP AND LICENCE

.1. The Software and Software Package is not sold to User who shall not acquire any right, title or interest (including without limitation copyright or other right in the nature of copyright or any other intellectual property right whatsoever) in the Software and Software Package, which shall remain the sole property of the Licensor.

.2. Any copy or partial copy of the Software and Software Package shall be owned by the Licensor subject to the licence rights granted to User and shall be considered as being regulated by this licence.

.3. The User's rights to Use the Software and Software Package are specified in this licence, and the Licensor retains all rights not expressly granted to User in this licence. No right or licence under any patent application, issued patent, know-how or other proprietary information is granted or shall be granted by implication unless provided herein.

.4. The structure, the organization, the performances of the Software and any information clearly identified as confidential by the Licensor, are valuable Trade Secrets and confidential information of the Licensor. The User agrees to hold these Trade Secrets and the information in confidence, in accordance with Article 9.

DURATION AND TERMINATION

.1. This licence shall be effective as of the Effective Date. However, Licensor and User may agree to terminate this licence at any time without cause.

.2. This licence shall automatically terminate with an immediate effect if the User is in breach of this licence. This termination shall not prevent the Licensor from claiming any further damages. Upon termination for any reason, the User shall destroy or return the Software and Software Package to the Licensor and any copy made partial or whole in its possession. Upon termination for any reason and subject to a written request from the Licensor, the User shall certify by means of a written document duly signed by a legal representative that the provisions of the present Article have been respected, and this within a time limit of fifteen (15) calendar days as from the date of the request.

.3. The termination shall not relieve the User from its liability to respect all the obligations claimable before the termination date. In particular, the provisions of the obligations relating to the performance, confidentiality of information, Know-how and Trade Secrets regarding the Software and Software Package, the disclaimer of guarantees and warranties and the indemnification and limitations of liabilities shall survive the termination of this licence, howsoever caused, but this shall not imply or create any continued right to Use the Software and Software Package after termination of this licence.

INTELLECTUAL PROPERTY RIGHTS

.1. The name, the copyright and the intellectual and industrial property rights related to the Software and Software Package are the exclusive property of the Licensor. The User shall not at any time and under any circumstances use the name and the copyright without prior written permission of the Licensor. The User undertakes not to file trademark applications in view of protecting the denomination of the Software on their own name.

.2. Third-party proprietary software necessary for the functioning of the Software is distributed in bundle with the Software Package. Such distribution is strictly subject to the terms and conditions set forth in the respective proprietary licences to which the User accepts to be bound.

.3. Should any third party infringe the copyright of the Licensor or any intellectual or industrial property rights related to the Software and Software Package, the User shall forthwith notify to the Licensor any such infringements and the Licensor may prosecute by law the infringer(s).

INDEMNIFICATION

.1. The User shall defend at its own expenses any claim, suit or proceeding brought against the User, insofar as it arises from the User's Use of the Software, and shall indemnify and hold the Licensor harmless for all claims, damages, costs and expenses awarded to the User or third parties against the Licensor arising from any such claim, suit or proceeding.

GUARANTEES, WARRANTY AND LIMITATIONS OF LIABILITIES

.1. The Software is provided "as is" without warranty of any kind, either express or implied, including, but not limited to, any implied warranty against infringement of third parties' property rights, of merchantability, integration, satisfactory quality and fitness for a particular purpose.

.2. Unless otherwise expressly agreed upon between the Parties, the Licensor provides no technical support, warranties or remedies for the Software.

.3. The entire risk as to the Use, quality, and performance of the Software is with the User. Should the Software prove defective, the User, and not the Licensor, assumes the entire cost of any necessary repair. The Licensor will not be liable for any incidental, consequential, direct or indirect damages including but not limited to the loss of data, lost profits, or any other financial loss arising from the Use of, or inability to Use, even if the Licensor has been notified of the possibility of such loss, damages, claims or costs or for any claim by any third party.

APPLICABLE LAW AND LEGAL VENUE

.1. This licence shall be governed by the law of the European Union and, where necessary, by the substantive law of Belgium.

.2. In case of any dispute or difference between the Parties arising out of or in connection with this licence, the Parties shall settle it by mutual agreement. Such effort shall be deemed to have failed when one of the Parties so notifies the other in writing. In that case, each Party may initiate proceedings before the General Court of the European Union in Luxembourg.

ADMINISTRATIVE PROVISIONS

.1. Any communication and correspondence from the User with reference to this licence shall be made in writing and addressed to the following addresses:

For administrative questions:

European Commission
Joint Research Centre
Institute for Environment and Sustainability
Via Fermi 2749, Ispra (VA), Italy, 21027
To the attention of [name]
[Unit]

THE USER HEREBY ACKNOWLEDGES TO HAVE READ AND UNDERSTOOD THE TERMS AND CONDITIONS OF THIS LICENCE AS INDICATED ABOVE.

ACCEPT LICENCE AGREEMENT

TECHNICAL SPECIFICATIONS OF THE SOFTWARE

Name: CgmsStatTool (CST)

Version:

Functionalities:

The tool is a statistical subsystem that retrieves data from a database for the purposes of preparation of crop yield forecasting and analysis.

Language: English

Documentation: manuals included with the software

Programming language: The software is programmed in Fortran and Delphi

Third-party components:

- TMS Component Pack version 6.1.5.0 from the company TMS Software (with HQRS in Germany; <http://www.tmssoftware.com>)
- SDL Delphi Suite version 9.7 for RadStudio 5.0 from the company Software Development Lohninger (with HQRS in Austria)
- Open Source dbExpress also called DbxOpenOdbc version 3.2010.11.09 (dbxoodbc.dll) and underlying *.pas files which is available under the GNU Library or Lesser General Public License version 2.0 (LGPLv2)
- Additional files of RAD studio 5.0 (development environment of Delphi 2007): dbrtl100.pbl, DbxClientDriver100.pbl, DbxCommonDriver100.pbl, DbxDynalinkDriver100.pbl, DbxMetData100.pbl, DbxReadOnlyMetdaData100.pbl, rtl100.pbl, dbxadapter30.dll, dbxora30.dll
- DFORRT.DLL (Fortran runtime Library v 6.6 update A)
